

Security Camera / Closed Circuit TV (CCTV) 0-3GHz 90V 50-Ohm Coaxial Lightning Protection, Male/Female (M/F) BNC Connected...

The **CCTV-BNC** is a high quality 90V, 50 Ohm gas discharge tube suppressor featuring wide-band operation up to 3 GHz. This unit is ideal for protecting Coaxial Cable fed, BNC connected, Closed Circuit TV Cameras (CCTV). Both connector ports of this unit are equally protected and the CCTV-BNC is configured (M/F) with one male and one female BNC connector. This eliminates the need for adaptors or jumper cables during retrofit installation. The unit's replaceable gas tube element, multi-strike capability, and fast response time make it suitable for a wide range of applications. Replacement gas tube elements are available on request. Aluminum mounting bracket hardware included.

Part Number	CCTV-BNC
Voltage Rating	90 Volts
Connection Type	(1) M-Male to (1) F-Female
Frequency Range	0 - 3 GHz
Impedance	50 Ohm
Gas Tube Impulse Breakdown Voltage	1000V 20%
Depth (D)	3.2" (82mm)
Height (H)	1.6" (40mm)
Width (W)	0.8" (20mm)
Enclosure	Aluminum
Weight	3.17 oz (89.9g)
Optional Mounting Bracket	CCTV-BNC-BRK
Replacement Gas Tube	CCTV-BNC-GDT
